Re: Scientific workshop in November

As has been the custom for several years, a scientific workshop will be held in La Jolla in the fall. This year, the meeting will be held during 3-6 November, and the topic is “Modeling Population Processes: Natural Mortality, Recruitment, Growth, and Selectivity”. More detailed information is available at <http://www.fisheriesstockassessment.com/TikiWiki/tiki-index.php?page=Modeling+population+processes+2009>

The meeting, which will be in English only, is highly technical in nature, and a key element for its success will be the active participation of scientists familiar with stock assessment techniques.

An additional workshop on “Shark Stock Assessment” will be held on Monday 2 November, the day before the main meeting.

The meeting will take place in the Newport Room of the [La Jolla Marriott Hotel](#) (4240 La Jolla Village Drive, San Diego, California 92037; (858) 587-1414). The rate is **US\$ 119**, plus tax, for single and double occupancy. Reservations may be made online at the hotel webpage, by email to marie.palmer@marriott.com, or by fax, using the attached form. The deadline for booking rooms at this rate is **5 October**; it is recommended that reservations be made as soon as possible.

It would be much appreciated if you would inform the organizer, Mark Maunder (mmaunder@iattc.org) whether you plan to attend and whether you will give a presentation.
