Dr. Arnulfo Franco

Director

Inter-American Tropical Tuna Commission

La Jolla, California

Subject: Annual report on C-11-02 to mitigate the impact on seabirds

In accordance with resolution C-11-02, CPCs shall annually inform the IATTC of the mitigation measures that their flag vessels plan to employ in the implementation of this resolution, and shall provide annually to the IATTC any available information regarding interactions with seabirds involving their flag vessels in the fishery.

Mitigation Measures

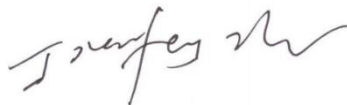

Same as WCPFC, we require our longliners to use Tori line and Weighted branch lines when fishing in the area specified in C-11-02 Annex 1.

Interactions with Seabirds

Twenty-three observers were sent to our longline vessels operating in EPO in 2024. According to our observer report, no seabirds were recorded during 2024.

Regards,

Jiangfeng ZHU

Consultant/Commissioner to IATTC&IOTC
