April 30, 2026

Dr. Arnulfo Franco, Director
Inter-American Tropical Tuna Commission (IATTC)
8901 La Jolla Shores Drive
La Jolla, California 92037-1509

Subject: Notification of United States Data Buoys per Resolution C-11-03

Dear Dr. Franco,

Pursuant to Resolution C-11-03 (*Resolution Prohibiting Fishing on Data Buoys*), this letter updates the Commission regarding anchored data buoys in the IATTC Convention Area.

On November 26, 2014, the National Marine Fisheries Service submitted a list of data buoys and corresponding locations to the IATTC. Since then, the locations of several of the data buoys have changed. The enclosed list reflects the most current information, which NOAA's National Data Buoy Center (NDBC) provided on April 23, 2026. The Commission may obtain additional information directly from the NDBC's website: <http://www.ndbc.noaa.gov>.

Please circulate this letter to all Commission members and cooperating non-members. The United States is sharing these locations so that CPCs can warn their fleets to avoid the buoys. If there are any questions regarding the United States' reporting under Resolution C-11-03, please contact Lucille Bulkeley at (858) 546-5620 or lucille.bulkeley@noaa.gov.

Sincerely,

Rachael Wadsworth

Rachael Wadsworth
Highly Migratory Species Branch Chief
