Subject: Transshipment Report of China in IATTC Waters in 2025 in accordance with CMM 22-03

Transshipment in 2025

In 2025, 366 cases of transshipment were carried out by Chinese LSTLFVs to Carrier Vessels which are authorized to conduct transshipment operation in IATTC waters, with a total fish product of 36499.629 metric tons transshipped. Transshipment operations involving Chinese LSTLFVs were conducted by five carrier vessels: FUTAGAMI, HENG HONG 5, Ping Tai Rong Leng 1, Ping Tai Rong Leng 2, Ping Tai Rong Leng 6. The quantities by species transshipped and list of Chinese LSTLFVs in the IATTC record of fishing vessels involved in transshipped are shown in Table 1 and Table 2.

The owners/masters of the LSTLFV shall submit, at least 24 hours before the transshipment taking place, their transshipment pre-notification to our office. After the transshipment, the owners/masters of the LSTLFV shall submit transshipment declaration to us. We collect the transshipment report and record the information of the fishing vessel involved and transshipped quantities. We also set up a capacity building program to train managers of the companies and the masters of the vessels to reiterate the importance of reporting in advance of the transshipment and train them to fill the pre-notification form.

Assessment of the observer reports in carrier vessels

We regularly cross-checked our transshipment records against the observer reports

carefully. The observer reports and the data from the Secretariat covered all of our records, and the observer reports were consistent with our statistics.

Table 1: The quantities by species transshipped during 2025

Species	Total weight(t)
BET	2313.839
YFT	2371.641
SWO	308.973
OTH	31505.176
