

INTER-AMERICAN TROPICAL TUNA COMMISSION

90TH MEETING

La Jolla (USA)
27 June-1 July 2016

PROPOSAL IATTC-90-B-1

SUBMITTED BY THE EUROPEAN UNION

IATTC RESOLUTION FOR AN IATTC SCHEME FOR MINIMUM STANDARDS FOR INSPECTION IN PORT

EXPLANATORY MEMORANDUM

Goal: this Resolution is intended to fight against IUU fishing and contribute to the long-term conservation and sustainable use of living marine resources in the IATTC Convention Area through strengthened, harmonized and transparent minimum standards for inspections.

In line with similar proposals adopted by other RFMOs, the most essential elements of the proposal is the inspection of vessels, designation of ports, prior notifications and reporting of possible infringements. It is therefore more in line with the requests from developing coastal CPCs as it also includes a number of simplified provisions in order to facilitate consensus at the IATTC.

In addition to that, it will be the first ever port inspection measure adopted by IATTC. Therefore it will ensure consistency with management measures taken in other RFMOs and improve the results of the measures aimed towards conservation of tuna and tuna-like species in the Eastern Pacific Ocean. This will contribute to more responsible management of the stocks under the IATTC's mandate.

The Inter-American Tropical Tuna Commission (IATTC)

DEEPLY CONCERNED that illegal, unreported and unregulated fishing has a detrimental effect upon fish stocks, marine ecosystems and the livelihoods of legitimate fishers in particular in developing States,

CONSCIOUS of the role of the port State in the adoption of effective measures to promote the sustainable use and the long-term conservation of living marine resources,

RECALLING that under the 1995 FAO Code of Conduct for Responsible Fisheries, the right to fish carries with it the obligation to do so in a responsible manner so as to ensure effective conservation and management of living aquatic resources,

RECOGNIZING that measures to combat illegal, unreported and unregulated fishing should build on the primary responsibility of flag States and use all available jurisdiction in accordance with international law, including minimum standards for inspection in port, coastal State measures, and measures to ensure that nationals do not support or engage in illegal, unreported and unregulated fishing,

RECOGNIZING that minimum standards for inspections in port provide a powerful and cost-effective means of preventing, deterring and eliminating illegal, unreported and unregulated fishing,

AWARE of the need for increasing coordination at the regional and interregional levels to combat illegal, unreported and unregulated fishing through minimum standards for inspection in port, and

RECALLING the relevant provisions the Agreement to Promote Compliance with International Conservation and Management Measures by Fishing Vessels on the High Seas of 24 November 1993, the

1995 FAO Code of Conduct for Responsible Fisheries, and other relevant international law,

Agrees as follows:

Assessment in Anticipation of Implementation

1. Following the adoption of this Resolution, the IATTC Secretariat will identify the needs of developing CPCs related to the implementation of this Resolution; to present options and facilities for capacity building for those CPCs that might require and desire such assistance; to identify and assess any other barriers to effective full implementation; and to develop solutions to any such barriers.
2. This assessment will be accomplished through consultations, through questionnaires sent to all developing CPCs as set forth in Annex 2, and through any other available information.
3. Within 60 days following the deadline for receipt of the completed questionnaires, the Secretariat shall provide all CPCs with a report summarizing the responses, identifying any developing CPCs that may not have responded, and providing a detailed description of identified barriers to implementation.

Assessment of Capacity to Implement

The Secretariat shall, within 30 days following adoption of this Resolution, transmit to all developing CPCs an assessment questionnaire designed to assess, for each obligation anticipated under this resolution, the extent to which each CPC:

1. Is already applying a particular obligation within laws and/or regulations;
