

INTER-AMERICAN TROPICAL TUNA COMMISSION

92ND MEETING

Mexico City, Mexico

24-28 July 2017

PROPOSAL IATTC-92 B-1

SUBMITTED BY PERU

**PROPOSED TEXT ON MULTI-SPECIES FISHERIES IN THE
RESOLUTION ON CONSERVATION OF TUNA IN THE EASTERN
PACIFIC OCEAN**

[Insert the following paragraph in the text of the Resolution on conservation of tuna in the Eastern Pacific Ocean]

In the case of multi-species vessels which need to carry out fishing operations targeting resources other than those covered by the Convention, they shall be allowed to carry out extractive activities provided that they have on board a national observer, in order to verify that tunas are not caught. The generated information shall be forwarded to the Commission in a timely manner.
