

THIRD AMENDMENT TO MEMORANDUM OF UNDERSTANDING

The Inter-American Tropical Tuna Commission (hereinafter referred to as "IATTC"), and **Ocean Conservancy** (hereinafter referred to as "CONSERVANCY") hereby agree to amend the Memorandum of Understanding between the parties signed and agreed to the 10th day of July 2018, and amended January 31, 2019 and December 15, 2020, concerning their collaboration towards the development of a proposal for application of the POSEIDON model to assist in the sustainable management of tunas and tuna-like species in the Eastern Pacific Ocean.

AMENDMENT per Article 1:

The full time work location of the Research Assistant Professor is hereby changed by striking "in the headquarters offices of the IATTC in La Jolla, California".

AMENDMENT per Article 3:

The duration of the project is hereby extended 8 months, via a subgrant amendment between Ocean Conservancy and Arizona State University.

AMENDMENT per Article 8:

The Agreement term in Article 8 is hereby extended to August 31, 2024.

All terms, not modified by this amendment and previous amendments, of original Memorandum of Understanding signed and agreed to the 10th day of July 2018 remain in effect.

Both Parties have received this amendment and agree to its terms by signing below:
